

Introducing Oxy-Gen's Preventative Technology

Because health matters!

- Speeds healing and recovery
- Boosts immune system
- Fights viral/bacterial infection
- Contains beta glucans
- Safe, natural and drug-free

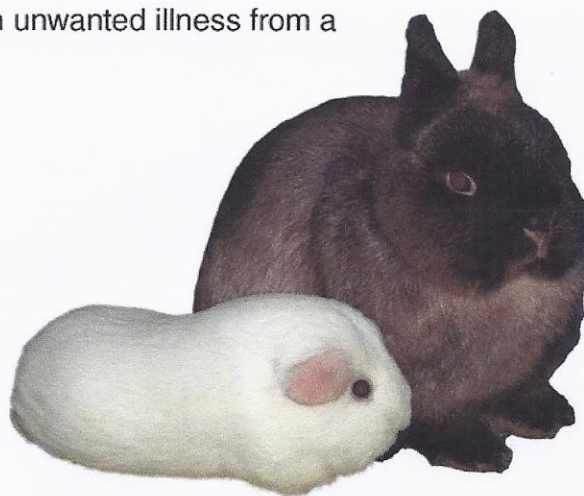

Help Your Rabbit or Cavy Bounce Back Faster!

When your animal goes off feed, Immunize™ paste brings them back faster! It's a more direct method of delivery.

A strong immune system is essential to good health and vigor in all animals, but rabbits are especially prone to sickness and disease.

Immunize for Rabbits reduces the extreme stress rabbits experience as a result of transporting and shipping. Feeding during a show helps your rabbit with the stress of a multiple table show keeping them ready for every judge!

It also directly reduces naturally the risk of bringing home an unwanted illness from a show that can infect your entire herd.

GUARANTEED ANALYSIS:

Crude Fat (min)	64.00%
Calcium (min)	0.75%
Calcium (max)	1.25%
Phosphorus (min)	0.35%
Magnesium (min)	6.00%
